ABOUT US

Whether it's a small dinner party or a conference, we take great pride in the quality of the food that we prepare and present. Our team of chefs apply their imagination, passion and knowledge to ensure that the dishes they create are a delight to the eye and to the palate.

The provenance of our ingredients means a great deal to us. Of course, we want them to be the finest and freshest available, but we also want to know that they are from suppliers with integrity.

That's why we source fish from suppliers dedicated to promoting sustainability and minimising food miles. The butchers we use can trace every link in their supply chain back to the farm. Our cheese comes from artisan makers in the UK who are passionate about their craft.

Wherever possible, our chefs use fruit and vegetables from British growers. And even our tea and coffee is supplied by importers who are as committed to the welfare of the growers as they are to the quality of the product.
